MATH-1206, CRN: 93876
INTEGRAL CALCULUS
Fall 2009, T R: 3:30 PM - 4:45 PM / SURG-104A

Course Contract

Instructor: Mohamed BEN ROMDHANE
Office: 465 B McBryde Hall;
Phone: (540) 231-7139; E-mail: mbenromd@vt.edu
Office hours: M W F: 10:30 AM – 12:00 PM, and other time by appointment.
Web: Course web page: http://www.emporium.vt.edu/math1206c/
Personal home page: http://www.math.vt.edu/people/mbenromd/

Prerequisites: Math-1205

Course Content
We will cover the material listed on the course syllabus. Any changes will be announced in class. Each student is responsible for completing assigned homework and taking on-line tests before the deadlines.

Homework
Written homework assignments are posted on Blackboard (http://learn.vt.edu/). Homework will be occasionally collected and graded (without previous announcement). Students may work together on daily homework, but each student has to return his or her own material; copying of work is not permitted. No late papers will be accepted; however your 2 lowest homework assignments will be dropped to allow for occasionally missing of returning the assignment on time for whatever reason.

Basic Skills Test
The BST is a pass/fail "gateway" on material from the previous course and must be passed to pass the course. It will be available Monday August 24th and can be taken twice a day during testing hours. The deadline for passing the BST is the second Friday after classes begin, namely Friday September 4th.
For more information, see: http://www.emporium.vt.edu/math1206/basic.html
Tests
In addition to the BST, there will be 6 tests given during proctored testing hours at the Math Emporium. See the Math Emporium home page for rules and hours for taking proctored tests. *Note that the deadlines each day for our tests are 8:30 p.m. Monday - Thursday and 1 p.m. on Friday.*

Each test opens for credit on Sunday (except Test 3 opens Monday after fall break) and is available until Friday of the same week. Each test may be taken for credit a maximum of five times, and the highest score is used for the grade. You will be issued 5 electronic tickets. One will expire on Monday, and every day after so that on Friday, the final day of testing, the test may be taken only once and must be started by 1:00pm. Unlimited practice tests are available for every test. See [http://www.emporium.vt.edu/math1206c/UsingTests.pdf](http://www.emporium.vt.edu/math1206c/UsingTests.pdf)

Test dates are:

<table>
<thead>
<tr>
<th>Test</th>
<th>Dates</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Sept. 13 - 18</td>
</tr>
<tr>
<td>2</td>
<td>Sept. 27 - Oct. 2</td>
</tr>
<tr>
<td>3</td>
<td>Oct. 12 - 16</td>
</tr>
<tr>
<td>4</td>
<td>Oct. 25 - 30</td>
</tr>
<tr>
<td>5</td>
<td>Nov. 8 - 13</td>
</tr>
<tr>
<td>6</td>
<td>Nov. 30 - Dec. 4</td>
</tr>
</tbody>
</table>

**IMPORTANT:** In the event of inclimate weather, should the university close; the testing schedule dates will NOT be adjusted. Exceptions will be made ONLY if the closure is on the last day of the testing cycle.

**Test Make-up Policy**
During the last 3 full weeks of class (November 9 - December 4) students will have the opportunity to take a maximum of 2 replacement tests. The grade on each of these tests would replace any grade already achieved by the student even if the prior grade was higher than the replacement grade. **All** testing for Math 1206c will end on December 4th@ 1pm.

**Final Exam**
There will be a multiple choice common final exam on **December 11th**, from 7 - 8 p.m. (Rooms will be posted on the Announcements page) The final exam counts 16% of the grade. **Warning:** Common-time exams are inflexible. If there is a conflict with the final in another class that does not have a common-time final, you will be expected to change the other one.
Calculators
Student calculators are not allowed on tests or the exam. Instead all mathematical computations on Exams must be made on the Emporium computers using the Apple scientific calculator on the computer. During the Exam, Emporium proctors are not permitted to assist you, even if your only problem is difficulty in calculating with the calculator. This software is not available for installation on your own computers.

Grading
- HW: 12%
- Emporium Tests (6 tests): 72% (i.e. 12% each test)
- Final Exam: 16%

A 90% will guarantee an A-, 80% a B-, 70% a C-, 60% a D-. Plus and minus grades will be assigned at my discretion.

Note:
- The Basic Skill Test is not counted in your final grade.
- The course tests will be graded using the standard 10-point scale.

Honor System
You must abide by the Virginia Tech Honor Code for all graded work. Students are responsible for understanding and adhering to the Honor Code. Among other things the Honor Code prohibits giving or receiving unauthorized aid, assistance, or unfair advantage on academic work and it prohibits plagiarism.

Important
If you are not on the official class roll, you are not in the class. It is your responsibility that you are properly enrolled in the class section you attend. It is easy to verify. For no foreseeable reason (computer and/or registrar personnel mistakes included) will you be allowed to stay in the wrong section. Your work will not be graded and returned. Simply attending a section will NOT entitle you to be placed on its roll.

If you need adaptations or accommodations because of a disability, please make an appointment with me as soon as possible.

Laptops should be closed during class sessions.

Check Blackboard for announcements regularly; and read the announcements on the 1206 webpage regularly.
